Style to Cart Effective Date: August 4, 2026 Last Updated: August 4, 2026

Stylegiving LLC ("Stylegiving," "we," "us," or "our") operates the Style to Cart mobile application (the "App"). This Privacy Policy explains what information we collect, how we use it, and the choices you have.

1. Information We Collect

Account Information. When you create an account, we collect information such as your name, email address, and password (stored in encrypted/hashed form).

Photos and Camera Data. If you grant camera or photo library permission, we may access images you take or select in order to power outfit visualization and style-matching features. Photos are processed to generate style recommendations and, unless you choose to save them to your profile, are not retained longer than necessary to deliver the feature.

Shopping and Cart Data. We collect information about items you browse, save, or add to your cart, including style preferences, sizes, and brands, to personalize recommendations.

Purchase Referral Data. When you proceed to checkout with a third-party retailer, we may share limited data (such as the item selected and a referral identifier) with that retailer to complete the handoff. **We do not collect or store your full payment card number, CVV, or bank details** — those are handled directly by the retailer's own checkout system.

Device and Usage Information. We automatically collect device identifiers, operating system, IP address, app usage patterns, and crash/analytics data to maintain and improve the App.

Information from Third Parties. If you link a retailer account or sign in via a third-party service, we may receive basic profile information from that service, consistent with your settings on that platform.

2. How We Use Information

We use the information we collect to:

- Provide, operate, and personalize the App's style-matching and shopping features
- Process and facilitate handoff to third-party retailers for purchases

- Maintain your account and preferences
- Improve App performance and develop new features
- Communicate with you about updates, security alerts, and support
- Detect, prevent, and address fraud, abuse, or technical issues
- Comply with legal obligations

3. How We Share Information

We do not sell your personal information. We may share information with:

- **Retail Partners:** Limited data necessary to complete a purchase handoff when you initiate checkout with a third-party retailer.
- **Service Providers:** Vendors who help us operate the App (e.g., cloud hosting, analytics, customer support), bound by confidentiality obligations.
- **Legal and Safety Reasons:** When required by law, legal process, or to protect the rights, safety, or property of Stylegiving, our users, or others.
- **Business Transfers:** In connection with a merger, acquisition, or sale of assets, subject to standard confidentiality protections.

4. Photos and Camera Data — Additional Detail

- Camera and photo access is opt-in and controlled through your device settings.
- Images used for style-matching are processed to generate recommendations and are not used to train third-party advertising profiles.
- If the App offers a “save to profile” feature, saved photos are retained until you delete them or delete your account.
- You may revoke camera/photo permissions at any time in your device settings; some features may then be unavailable.

5. Your Choices and Rights

Depending on your location, you may have the right to:

- Access, correct, or delete your personal information
- Withdraw consent for camera/photo access

- Opt out of marketing communications
- Request a copy of your data or ask us to restrict certain processing
- (California residents) Request disclosure of categories of data collected/shared and opt out of any "sale" or "sharing" as defined under the CCPA/CPRA

6. Data Retention

We retain personal information for as long as your account is active or as needed to provide the App's features, comply with legal obligations, resolve disputes, and enforce our agreements. You may request deletion of your account and associated data at any time.

7. Children's Privacy

The App is not directed to children under 13, and we do not knowingly collect personal information from children under 13. If we learn we have collected such information, we will delete it promptly. Parents who believe their child has provided us information may contact us to request deletion.
